

Records review

To recognise the achievements of our competitive swimmers, our club has reinstated long course records, which had not been maintained since the 1994/ 1995 season when we still called the Sandgate Foreshore pool home, and expanded short course records to include those set at external meets.

At the time of the 2016 Annual General Meeting, our President, Jo Edwards, and life member, Helen Estreich, had each separately prepared working drafts of short course records but no work had been done on assembling long course records.

Surprisingly, in this digital age, compiling long and short course records was a complex task – requiring the sourcing of times from many different data bases – and consuming countless hours. Scott and Helen Estreich, as life members having a long association with the club, provided invaluable assistance in locating older data and I am most grateful to them. After months of painstaking detective work, the club now has a comprehensive set of long and short course records.

Records broken 2016/ 2017

Our Sandgate swimmers broke 73 records at long and short course meets this season. Head Coach, Jacqui Francis, inspired her swimmers to give of their very best and they were sensational in the pool.

Those breaking records in the 2016/ 2017 season were:
